BOLITCH Heavy-Duty Hand Cleaner Paste

Models: BLC-CLN-003 (2 kg x 10 bottles per carton)
Document TDS-CL-05 | Version 1.0 | Issued 24 September 2026

1. Product description

Heavy-duty hand cleaner paste with fine natural scrubbing particles and mild surfactants. Smooth, easy-to-rub paste that rinses clean.

2. Typical properties

Product Type	Heavy-duty hand cleaner paste
Appearance	Smooth, fine-textured paste
pH Value (neat)	5.5-8.0 (close to skin pH, mild)
Scrubbing Medium	Fine natural plant particles / pumice - gentle on skin
Working Principle	Surfactant emulsification plus gentle abrasive action lifts and releases soil
Cleaning Power	Removes motor oil, gear oil, grease, printing ink, paint and adhesive residue
Skin Care	Contains glycerin and conditioning agents - no tightness or dryness after use
Skin Compatibility	Formulated for skin - free from strong acids, alkalis and harsh solvents
Odour	Low, mild odour
Rinsability	Rinses off easily - no residue, no greasy feel
Biodegradability	Surfactant system is biodegradable

Values are typical for the formulation and are not guaranteed specification limits. Bracketed references indicate the test method the value is expressed by. A Safety Data Sheet (SDS / MSDS) is supplied per formulation.

3. Packaging, weight and logistics

Packing	N.W / unit	N.W / carton	G.W / carton	Models
2 kg bottle x 10 / carton	2 kg	20 kg	21 kg	BLC-CLN-003
HS code	3401.30			
Shelf life / storage	3 years (unopened, store in a cool, dry place away from heat and freezing)			

4. Recommended applications

Made for anyone who works with oil and grease every day - mechanics, machinery fitters, factory workers, fleet drivers, construction and painting crews, and DIY users.

It removes motor oil, gear oil, grease, hydraulic oil, printing ink, paint, adhesive and general industrial soil from the hands - without petrol, diesel or harsh solvents, and gentle on skin.

Take a small amount onto dry hands, rub until the soil dissolves, then rinse with water. For stubborn marks, rub with a little water and repeat.

5. Use, handling and safety

Take a small amount onto dry hands, rub until the grease dissolves, then rinse with water. For stubborn soil, rub with a little water and repeat.

Handling, personal protection, first aid and transport classification are given in the Safety Data Sheet (SDS / MSDS) supplied per formulation.

6. Documents supplied

Safety Data Sheet (SDS / MSDS) - supplied per formulation, available on request. | This Technical Data Sheet. | Other export documents supplied per shipment as required for customs clearance.

7. Standards and test methods referenced

Standards referenced in formulation and testing:

- Mild formula - free from strong acids, alkalis and harsh solvents, formulated for skin
- GB/T 34857 - Hand cleaner (liquid & paste)
- GB/T 26396 - Safety specification for detergents

- GB/T 15818 - Biodegradability of surfactants

The standards and test methods below are quoted as the technical references used when formulating and testing this product. This list is not a certification, approval, licence or mark of conformity. No third-party certification, OEM approval or product licence is claimed or held. Where the market requires conformity assessment (for example PVoC, TBS or O'zDSt), the application is normally filed by the importer or an authorised local representative; we support it with samples, technical documentation and translations.

8. Performance highlights

- Made for hands, yet tough on grime - lifts motor oil, grease and ink without strong acids or alkalis
- Fine natural scrubbing particles dislodge ground-in soil from knuckles and nail beds
- Glycerin and skin conditioners leave hands soft - no tightness or cracking after repeated use
- Low odour and low irritation - suitable for workshop and household use
- Easy to rub in and rinse out - no residue, no greasy film, saves water and time
- 2 kg pack for high-frequency use in garages, factories and fleets - lower cost per use
